

### DATA SHEET

The Astro arche leg design is a metal arch of section 70 x 30 mm, aluminium or white finish.

The adjustable jacks on the legs allow adjustment so that the working top stays flat, to compensate for any defects in the floor. These desks are 72 cm high.

The tops are equipped with at least one 80 mm diameter cable port.

The optional Astro arche modesty panel is available in 6 mm thick translucent Plexiglas. It is attached under the top with stylish brackets.

### FINISHES

**A MFC**
