

SATELLITE SYSTEM RANGE

The Crescent, Wave and Rectangular Workstations all compliment each other in a variety of configurations and within the same office environment, providing even more choice and scope when planning the best look to suit your office.

The Crescent Workstation offers maximum flexibility within a cluster group as shown above, and is also perfect for individual use.

Create additional working and storage space by adding a complimenting Desk High Pedestal. Available with 3 or 4 drawers, 600mm or 800mm depth, all with skirting clearance allowing placement with all of our Workstations.

STANDARD FEATURE

All Wave and Crescent Workstations incorporate a cable port enabling wires to be tidied away neatly and discretely, each embossed with the Lee & Plumpton logo which is synonymous with quality.

FINISH OPTIONS

All products within the Satellite range are available in a choice of Beech or Light Oak finishes with complimenting Grey metalwork. All finishes are heat, stain and scratch resistant when used for their intended purpose. The textured epoxy paint used for the metal finishes provides scratch resistant properties and the metal frames are pre-treated to prevent corrosion.

RANGE SPECIFICATION

Satellite is just one of the ranges within our portfolio of office furniture solutions. A stylish, durable and affordable range, Satellite is designed to meet the demands of today's working environment. All products consist of 25mm tops made from Grade E1 melamine faced high density particle board.

We are so confident that our products are designed and manufactured to the highest quality standards that every item we produce is guaranteed for a period of 6 years.

*Details on all FIRA testing and examination procedures can be supplied upon request.
