

ATMOSPHERE SYSTEM FURNITURE

RANGE SPECIFICATION

The aim of the Atmosphere range is to create just what the name suggests. The modern office environment can be anything from a relaxed administrative area to a fast paced media news room. The Atmosphere range is able to fulfill both criteria providing a universal solution.

FINISH

All products within the Atmosphere range are available in a choice of Beech and Cherry finishes with stylish silver effect metalwork. Our wood finishes are heat, stain and scratch resistant when used in their intended environment.

TECHNICAL SPECIFICATION

Atmosphere is the most prestigious range to join our portfolio of office furniture solutions. A stylish, ergonomic and adaptable range, Atmosphere is designed for the modern office where elegant curves and a modern feel is important. All products consist of 25mm tops made from Grade E1 melamine faced, high density particle board.

The Crescent workstation offers a great deal of flexibility in team working and individual situations.

Ideal in clusters of 2, 4 or more, these workstations provide well planned personal workspace in all circumstances. The graceful curve of the Crescent workstation is both practical and elegant.
