**Galaxy Plus** allows you complete control over the layout of your office. The modular design of the range allows for a number of working configurations, especially when space is at a premium. As a complete range of office furniture solutions, **Galaxy Plus** is ideal for use in a variety of locations - from home office to portakabin.

### GALAXY+

The way we work is constantly changing. More and more of us are working from home. The Galaxy Plus range provides flexible alternatives in both desking and storage. It's equally at home in the study or a teenager's bedroom. Galaxy Plus makes working from home a pleasure.

The **Galaxy Plus Range** has been developed with you in mind. By listening to you, our designers have developed exciting new elements that are both practical and cost effective.

#### END FRAME

- 18mm MPC E1 particleboard
- Corner height adjusters offer additional protection to bottom corners

#### TOP

- Choice of 2 designs, Crescent or Traditional Rectangular
- Manufactured from 18mm melamine faced E1 particleboard (MFC)
- Maximum preplacement of fittings for fast and efficient assembly by one person
- 2mm radiused edging for protection
- Cable port as standard (aperture 53mm x 103mm)

#### PEDESTALS

- Drawers feature full length recessed handles
- All pedestals have central locking
- 2 keys per lock; 1 complete with flexi key fob
- Pedestals are interchangeable and attach to the 745mm end of workstations
- Full length metal drawer runners with integral locking tab
- Runners rated to 35kg
- Full height 'V' groove drawer carcass with hidden joints and matching hardboard
- Zinc plated metal locking bars

#### 2 Drawer

- 1 standard drawer for stationery and 1 full depth filing drawer to store suspension files

#### 3 Drawer

- 3 standard drawers for general office storage

Available in two colour options our 'Beech' finish provides a stylish alternative to our traditional 'Light Oak'.
